

# BLANDFORD HOMES

February 14, 2011

To All Our Valued Trade Partners:

We want to take this time to thank each of you for all the overtime, hard work and excellent craftsmanship that went into building our models at Power Ranch. From permit to final inspection we were able to meet our goal of 12 days of construction. We could not have met that goal without the total commitment of every employee on your team which included some late nights and weekends!

We greatly appreciate the courteous and professional manner that was demonstrated by each and every tradesman. Please pass along our appreciation to all of your employees who contributed to the construction of these models.

We put a lot of time and thought into this product and believe we have created a unique niche in this marketplace that will appeal to a variety of buyers. We are very excited to watch this community get off the ground and fully expect this to be a high volume community.

Thank you again for all your hard work and dedication. We value your commitment and partnership with Blandford Homes.

Sincerely,

Christa Walker
